GOVERNOR'S MESSAGE.

The Governor's message is a lengthy but interesting document. We have never had the honor to be counted among the friends of an ardent admirer, but cannot impel us to say that many of his suggestions are eminently wise and timely, and will appeal with much force to the good sense of the legislature.

Among the meritorious measures advocated by Gov. Longino, the following seems to us, are the most important: The amendment of the primary election law, so as to minimize the danger of fraud and chicanery, which were so much in evidence in several Delta counties during some of the recent elections.

A liberal appropriation to the St. Louis Fair.—Mississippi is now rapidly forging the front, and a creditable representation at the St. Louis exposition will be evidence of her enterprise, and given additional impetus to her improvement. Hundred thousand dollars in this connection would be money well spent.

The building of a suitable home for the Confederate veterans. The general government properly and liberally cares for the Union soldiers, who are in indigent circumstances, and it is a reflection on the southern states that their war veterans are left in their old age, helpless, and dependent on the liberality of relatives, or the charity of the community.

An experimental station in the Delta should be established by all means, and will do much to assist in the development of this fertile and important section of the state.

The creation of a state veterinary surgeon and the enactment of a proper law to prevent, as far as possible, contagion of charbon and other like diseases among animals, are matters which should receive favorable consideration.

An increase of the salaries of state officials—judges, chancellors and district attorneys—is something that has long ago engaged the attention of thoughtful citizens, and should not be postponed. The present stipends are altogether inadequate, and the proposed increase will be an intelligent, and broadly considered economical measure, redounding in much good to the commonwealth.

There are some of the Governor's suggestions from which we dissent; but taken as a whole, we regard the message as a thoughtful, well written document, and do not doubt that many of its suggestions will meet with legislative favor and bring about practical and satisfactory results.

President Roosevelt sprung a surprise on the "faithful" in the recent appointments in this State. Two prominent Democrats captured plums. Hon. R. C. Lee, of Madison county, was appointed attorney for the southern district of Mississippi, and Hon. Edgar S. Wilson, the talented newspaper correspondent, of Jackson, U. S. Marshall for the same district. Our well known colored citizen Mayor I. T. Montgomery, of Mount Bayou, was given the office of receiver of public moneys at Jackson.

At a recent meeting the board of commissioners of the Fifth Louisiana Levee District adopted a resolution, granting an annual appropriation of \$700 to the Interstate Levee Association for the purpose of defraying the expenses and salary of the special representative of the association in Washington. Other levee boards will also make similar appropriations.

The second edition of Mr. Frank H. Rippe's work on the "Riparian Mississippi River" is a favorable mention from a valley, and is eagerly sought by the public. The board of Warren county recently appropriated \$300 to aid in the work and will be made of that county.

Petition for Pardon.

To His Excellency, A. H. Longino, Gov-

ernor, Jackson, Mississippi:

We, the undersigned petitioners, respectfully state unto your Excellency that Will Hendrix was convicted at the May, 1901, term of the circuit court of Bolivar county, Mississippi, of grand larceny, and sentenced for the term of two years in the state penitentiary.

We further respectfully state and show that prior thereto the said Hendrix had borne a good reputation as a peaceable and law-abiding citizen, and that there are extenuating circumstances in connection with his said offense which we believe are worthy of consideration.

We believe that the majesty of the law has been vindicated in the said conviction and the term of imprisonment already served, and that if now released from imprisonment the said Hendrix will prove himself to be a worthy and law-abiding citizen.

The premises considered, we respectfully pray that your Excellency will exercise executive clemency by the issuance of a pardon to the said Hendrix, who has, we are informed, made a most excellent record as a convict, and as in duty bound we will ever pray, etc.

Respectfully submitted,

It Saved Her Life.

Good's Mexican Syrup has accomplished a cure in this neighborhood which has astonished the people. Miss Davis was given up to die by her attending physician. She had lung fever. The doctor said she would die before morning, and advised to discontinue his medicine, as it was doing her no good. Her parents had a bottle of Good's Mexican Syrup and Good's Quick Relief in the house. They at once began to give the syrup in doses one hour apart, and frequently bathed her chest with the Quick Relief. Before morning she was better and after using a few bottles of each, she is almost as well as ever. It was almost like raising one from the dead, and has established the reputation of Good's Mexican Syrup here as a cough remedy; we can sell nothing else.

Good's Mexican Syrup cures a simple cough as if by magic, and is the best remedy for whooping cough. Price 25c.
